4. In their words

“I want the confirmation emails to carry our own letterhead.”
30 September 2026

“Rules are powerful but I needed the docs for the second one. Examples of ‘require when’ would help.”
29 September 2026

“Exports are great, but I would love a scheduled weekly CSV to our shared drive.”
28 September 2026

“Please add file uploads. We still email PDFs around for the onboarding packet.”
28 September 2026

“Our support agent now builds the intake forms itself; I only review them. Huge time saver.”
23 September 2026

“Stable, quick, and the API errors tell me exactly which field is wrong.”
